Copyright Agreement

The Journal of Restorative Medicine (JRM) is owned and published by the Association for the Advancement of Restorative Medicine (AARM).

In the event that the JRM publishes my work, I transfer to JRM exclusive rights, title, and interest to all parts of the work named below. JRM shall own this work including but not limited to:

- 1) copyright;
- 2) the right to republish this work in whole or in part; and
- 3) the right to distribute and otherwise use this work in whole or in part in electronic and print formats.

If the work below is not accepted for publication, this Agreement shall be null and void.

In addition, I affirm that the work submitted is original work; has not been published previously; and is not currently under consideration by another publication.

I also warrant that the article does not, to the best of my knowledge, contain anything that is libelous, hazardous, illegal or infringes anyone's copyright or other rights. In the event this work contains material that is someone else's copyright, I warrant that I have obtained written permission from the copyright owner to use the material and that the material is clearly identified and acknowledged in the text.

I may use the published or non-published version of my article for internal, educational, or other purposes of my own institution only with written permission from JRM.

Author Competing Interests Disclosure Statement

The Journal of Restorative Medicine (JRM) is required to ensure balance, independence, objectivity, and scientific rigor in any work under consideration for publication. Authors are expected to disclose any relevant financial relationships or other relationships that pose a potential conflict of interest. The time frame for reporting is from the initial conception and planning of the submitted work to the present. The information requested pertains to resources you received either directly or indirectly (via your institution) to enable you to complete this work. All financial or personal relationships that might bias the authors' submitted work must be declared below.

This form must be completed by all authors.

Relevant financial relationships requiring disclosure include:

- Ownership or part ownership of commercial entities
- Employee of commercial entities
- Consultant for commercial entities
- 5% or greater stockholder (excludes mutual fund holdings) of commercial entities
- Member of speakers bureau for commercial entities
- Membership on boards of directors or trustees, or advisory committees of commercial entities
- Grants or research support from commercial entities (excludes grants from governmental or nonprofit, independent foundations)

Manuscript Title _____

Author(s)

Yes No

If yes, are your recommendations

- Based on clinical judgment or evidence accepted within the profession of medicine?AND/OR
 - Substantiated by scientific evidence cited in your Reference section
- Yes No

Disclosure Statements for Original Research Articles

If the manuscript reports on a study conducted by the authors, the authors must list the study sponsors and the sponsors' role, if any, in study design; data collection, analysis, and interpretation; writing; and the decision to submit for publication.

5. If this submission involves a study, please list study sponsors and their role(s).

Sponsor _____ **Role** _____

If the study was funded by an agency with a proprietary or financial interest in the outcome, please confirm whether the following statement is correct:

I had full access to all of the data in this study and I take complete responsibility for the integrity of the data and the accuracy of the data analysis.

Agree Disagree

When reporting research that involves human participants, authors should indicate whether the procedures followed were in accordance with institutional and national standards for the protection of human subjects, and with the Helsinki Declaration of 1975, as revised in 2000.

6. This study conforms to the Helsinki Declaration of 1975, as revised in 2000.

Agree

Please attach a copy of the Institutional Review Board approval.

Disagree

If "Disagree," please explain on a separate page.
